Formica Envision™ HardStop®

CUSTOM WALL PROTECTION PANELS *by* FORMICA GROUP

MAXIMUM DURABILITY, ENDLESS POSSIBILITIES

Add a unique design or branding element to your project's wall protection panels with our Formica Envision™ HardStop® Panel program.

An excellent solution for high-performance wall panels, HardStop™ blends ease of installation and impact resistance with a full range of design selections that coordinate perfectly with other Formica® Brand Laminates. Unlike traditional laminate that contains a paper core, HardStop™ Panels features a treated fiberglass core for added durability, strength and fire resistance.

FEATURES & BENEFITS

- High impact resistance
- Class A fire rating
- Scratch, stain and water resistance
- Chemical resistance
- Ease of maintenance and installation
- Can be applied directly to many substrates with proper adhesive including drywall
- Custom designs available through Formica Envision™ HardStop® panels program
- Multiple options for seam treatment
- Short lead time

COMMON APPLICATIONS

Wainscot, wall panels, column wraps, elevator cabs, room dividers, doors, cabinet fronts, counter/desk/bar fronts, backsplash, counters, tops, etc.
