PREMIUM POPLAR PLYWOOD WITH A UNIFORM PAINTED OR PRIMED SURFACE

European poplar panel designed to save time and money in manufacturing furniture:

PAINT Painted: ready-to-use (white or gray)

PRIME Primed: ready-to-paint (white)

New smooth technology with excellent color retention and resistance to scratching and impacts. Prevents telegraphing, delamination, and swelling thanks to its anti-mold technology.

Performance Ultra-Smooth panels are made of premium single piece core veneers from European sustainable poplar farms that provide extraordinary lightweight panels making them easy to machine, virtually void-free with no telegraphing, with exceptional bond quality, flatness, stability, and machining properties.

Applications:

Specially designed for the most demanding applications in furniture, closets and kitchens, requiring a high-quality panel surface.

Available with UV
maple or birch back,
ideal for the interior
of the cabinets.
