Trespa TopLab Plus materials are now being made in North American. We also have developed a quick ship stocking program in various thicknesses and colors. The full line of products (from Europe) is also offered. We are doing a survey to understand the constituents in the market. Here are my questions:

| Date: | |
|--|-------------------------------|
| Distributor: | Market: |
| Rep: | Formica TSM: |
| Account Profile | |
| Account Name: | # Emps = (if applicable) |
| Person Talked to: | Position: |
